June 13, 2011 Early Afternoon

Members, Friends and Vendors:

We have completed a tremendous amount of work in flood preparation and continue to hope we don't have to deploy any of our plans. We have worked closely with Bunge, HGM, MidAm, Iowa Interstates Rail Road, and many others to keep us informed on what we need to do. We appreciate all the sharing of information and asset coordination.

This weekend several areas of the plant were sandbagged or bermed. Thank you to all the staff who have come in on their off time to help make sure we get all the work done.

We continue to run the plant and logistically plan for the incoming and outgoing traffic. We have an alternative location planned if the office is not accessible. For now we are continuing to plan to be here.

Sincerely,  
Brian Cahill
